

# 5

## BENEFITS OF HAVING A **DEDICATED TOOL** TO HANDLE THE COMPLEXITIES OF **SOFTWARE LICENSING**

Central administration of license and option files.

2

Reduce manual configuration through auto-discovery of license daemons.

3

Real-time viewing of license server and license expiration status.

4

Improve the efficiency of license availability through real-time license server administration.

5

Reduce license denials and improve license availability by freeing up dormant licenses.

Learn more about how these types of users are costing your company and how to identify this waste with Open iT's Engineering Software Management solutions. Email us at [getstarted@openit.com](mailto:getstarted@openit.com) for more information!
